

Sticks Department

➤ CURRENT ACTIVITY:

- **Compressed Sticks** are complementary food for **Canaries, Budgies, Exotic Birds and Small Mammals**.

All of them are made by the same wood core with a yellow hanger. The wood core is surrounded by dedicated and different ingredients thanks to the same glue. (Seeds, cereals, pellet,...). Some of the recipes are aromatized with a dedicated aroma.

Packaging: Carton folding box + Wrapping + Carton Display

- **Rustic Sticks** are complementary food for **Canaries, Budgies and Parakeets**. All of them are made by the same wood core with a yellow hanger surrounded by dedicated and different ingredients thanks to a glue. Seeds, cereals, pellet, bakery products, dried fruit and honey are the ingredients included in a different percentage. The glues, as well, contain several ingredients mixed in a different way.

Packaging: Carton folding box + Wrapping + Carton display
